☆

An extensive understanding of the AS9100D requirements and/or work experience in applying AS9100D is recommended specially for the vendors. SMRT Global is a Global training provider for many Competency Units. This seminar covers the requirements of AS9100D & ISO 9001 requirements, which is the quality management standard for Aviation, Space and Defense Attendees. Understand the application of Quality Management Principles in the context of ISO 9001 and/or AS9100. Relate the quality management system to the organizational products, including services, and operational processes. Understand the application of the regulations, and other considerations that are relevant to the management system. This webinar is designed for Quality Assurance Engineers/ Managers/ Management Representatives, AS9100D Implementation Teams/ Members, Internal Auditors.
